

The dice of peace.

Chorus:

Let's play a game with the dice of peace.
Everybody's centerpiece
Roll the dice together 1, 2, 3
It's already started, and what do you see?
Children are playing filled with glee.
Peace within the street,
That makes us free.

1.
We want peace for everybody
So we'll never have to worry
When someone isn't nice to you,
Let's try hard to forgive them too.

2.
Love is something you can share
With the people everywhere
Having love for everyone
Gives great peace and that is fun.

Chorus:

Let's play a game with the dice of peace.
Everybody's centerpiece
Roll the dice together 1, 2, 3
It's already started, and what do you see?
Children are playing filled with glee.
Peace within the street, peace with one and all,
That makes us free.

3.
Is there someone with a groan,
Doing dishes on their own
With a job too big for one,
Lend a hand, we'll soon be done.

4.
Does a friend need some attention
for his story or his invention
Go with him without delay
You'll both be glad in every way.

Chorus:

Let's play a game with the dice of peace.
Everybody's centerpiece
Roll the dice together 1, 2, 3
It's already started, and what do you see?
Children are playing filled with glee.
Peace within the street, peace with one and all, peace in all our
land, That makes us free.

5.
Look that guy so rude and bad
I feel sorry, she felt sad
Give her then your warmest smile
She'll be happy for a while

6.
How can you make peace grow stronger
With whom to start, so wait no longer.
Look! that person standing there
It's your turn to love, to share.

Chorus:

Let's play a game with the dice of peace
Everybody's centerpiece
Roll the dice together 1, 2, 3.
It's already started, and what do you see?
Children are playing filled with glee
Peace within the street, peace with one and all, peace in all our
land, peace in all the world.
That makes us free.
